SUMMARY

As a dedicated Computer Science and Engineering professional, I specialize in creating innovative and user-friendly web solutions that deliver impactful results. I am passionate about leveraging my skills in a forward-thinking organization, contributing to its success while staying committed to continuous learning and growth in the ever-evolving field of web development.

EDUCATION

B.Tech, Gayatri Vidya Parishad College(A), VISAKHAPATNAM   August 2023 - Now

Currently pursuing B.Tech in Computer Science with a CGPA of 8.4, aiming to establish a career in the software industry.

Diploma, Government Polytechnic, CHODAVARAM   December 2020 – June 2023

Graduated with 84%. And finished my 6 months Industrial training at Tecnics Integration Technologies Pvt, Ltd, Hyderabad.

Secondary Schooling, Stella Maris School, VISAKHAPATNAM   April 2010 - March 2020

Secured 10 CGPA in Secondary Schooling. Actively participated in science fairs, exhibitions, and sports (Kho-kho, Throw ball); served as Captain of the Blue House, leading various activities and events.

SKILLS

- **Programming Languages:** C, C++, Java and Python.
- **Frameworks/Libraries:** Pandas, Numpy, TensorFlow & Matplotlib.
- **Databases:** MySQL, SQLite & MongoDB.
- **Platforms/IDEs:** Sublime Text Editor & Visual Studio Code.
- **Development Skills:** Android Development, Web Development (HTML, CSS, JS, React) & MERN Stack.
- **Designing Tool:** Canva

INTERNSHIPS

Trained at Tecnics Integration Technologies Pvt, Ltd, Hyderabad.   DEC 2022 - JUN 2023

TECNICS has guided me to gain practical working experience as an Industrial trainee. I'm deeply grateful to the organization, for their guidance, and unwavering support during our industrial training.

AICTE Internship In Android Development by Eduskills Foundation   APR 2024 - JUN 2024

Completed an Android Development internship, gaining technical skills in a structured environment. This experience significantly contributed to my growth and inspired me to pursue further excellence.

AICTE Internship on Gen AI by Eduskills Foundation   JUL 2024 - SEP 2024

Completed a virtual internship on Generative AI powered by Google Cloud, gaining hands-on experience with AI models, machine learning, and advanced tools. Supported by AICTE and Eduskills, it enhanced my understanding of real-world AI applications.

Salesforce Developer Virtual Internship   NOV 2024 - JAN 2025

Completed Salesforce Developer Virtual Internship with SmartInternz, AICTE NEAT, gaining hands-on experience in Salesforce development, automation, and CRM solutions while earning 13 Superbadges, including Developer Super Set and Apex Specialist. Developed "Salesforce - A CRM Application for Wholesale Rice Mill", streamlining business operations with Salesforce.

PROJECTS

- **Portfolio Website:** Developed a fully responsive portfolio website using HTML, CSS, and JavaScript, showcasing design proficiency and interactive functionality. The website adapts seamlessly to various screen sizes, ensuring a user-friendly experience across devices.
- **ToDo List App:** Built a dynamic ToDo app using React, featuring an intuitive interface for adding, deleting, and managing tasks. The app emphasizes performance and usability, demonstrating proficiency in component-based architecture and state management.
- **Weather App:** Designed and implemented a weather application in Android Studio, utilizing REST APIs to fetch real-time weather data. The app provides users with accurate weather updates based on location, showcasing skills in API integration and mobile application development.
- **Food Delivery Website:** Created a full-stack Food Delivery Website leveraging ReactJS, NodeJS, Express, and MongoDB. The platform includes user authentication, menu browsing, cart functionality, and order placement. This project highlights expertise in modern web technologies, database management, and seamless front-end and back-end integration.

ACHIEVEMENTS & CERTIFICATIONS

CyberforHER Hackathon 2025 –
- Organized by Data Security Council of India (DSCI)
- Secured **67th rank nationwide** out of 771 participants
- Successfully competed in **Capture The Flag (CTF) challenges**.
- Received Blockchain-verified Certificate of Participation issued by DSCI, powered by DocChain.io

Competitive Programming Ratings:
- LeetCode: Rating 1488
- CodeChef: Rating 936 (1 star)

LEADERSHIP & ACTIVITIES
